STEEL BARRELS WITH TEFLON® INDUSTRIAL COATING

BARRELS FEATURE:

TEFLON® INDUSTRIAL COATING INSIDE-AND-OUT:

Abrasion resistant interior surface and durable exterior finish.

EASIER DISPENSING

Teflon® Industrial Coating allows the pistons to move smoother and more freely which reduces trigger-hand fatigue and wrist strain.

FASTER CLEANUP

residual material left after dispensing easily wipes away which results in faster cleanup times.

Teflon® is a registered trademark of DuPont used under license by Albion Engineering Co.

Only Albion combines the durability of a dent resistant barrel with the easy-to-clean non-stick surface of genuine Teflon® Industrial Coating.

INCLUDED WITH ALL MODELS

- Three orange cones (part no. 235-3)
- 1-1/2" dia. steel nozzle (part no. 32-55)
- Nozzle adapter (part no. 966-1)
