NEW! PICATINNY RAIL WITH INTEGRATED HOOK

Rechargeable Flashlight #1144-1 (sold separately)

PATENT(S) PENDING

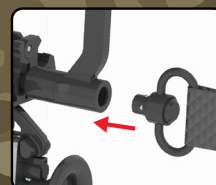

SAME GREAT FEATURES AS OUR MARKET-LEADING B12, WITH ADDED BENEFITS.

- **PICATINNY RAIL MOUNTS:** Includes a Clip-On Rail and a mount above the drive for attaching accessories such as the 1144-1 LED Flashlight, tool holders, cameras and more. Adding versatility and adaptability in any environment.
- **CLIP-ON RAIL:** snaps easily onto the carriage for left- or right-side use. Ideal for mounting the 1144-1 Flashlight to illuminate the work area for improved visibility.
- **INTEGRATED HOOK:** Oversized ladder / swing stage hook rotates and locks into 3 convenient positions allowing the tool to hang safely when not in use, or fold away for easy storage.
- **SHOULDER SLING WITH QUICK DISCONNECT:** Nylon sling prevents dropping your tool accidentally and allows it to hang conveniently between uses when worn across your body. Integrated quick disconnect mechanism.
- **FLAT DARK EARTH CARRIAGE:** Powder-coated in a popular tactile finish for added durability and style.
